Armor-Dillo Auto Products Availability

11/2/2006 Tampa, Florida- Any Armor-dillo product sold and distributed by Maher Chevrolet will not be covered or guaranteed by the manufacturer. Maher Chevrolet is not licensed to distribute any of Armor-Dillo's automotive products, specifically TS-1 Cleaner and Conditioner. Maher Chevrolet is currently selling expired inventory to its customers.

Over the past few months, there have been numerous rumors spread throughout, but not limited to the Chevrolet community regarding the availability of Armor-dillo products. As of January 2006 the exclusive license and distribution of Armor-Dillo TS-1 was retracted from R&M Car Care, DBA Gatorback Coatings. Due to a conflict of interest Armor-dillo severed any association with R&M Car Care, DBA Gatorback Coatings and it's alliance with Maher Chevrolet.

Rumors originating from this legal arrangement have led to misleading and false information regarding the availability of Armor-dillo's products. Armor-dillo's products are available for purchase directly from Autocosmetic Products and through licensed dealers.

Prior to the retraction of exclusive rights, R&M Car Care, DBA Gatorback Coatings falsely represented their ownership and rights to Armor-Dillo's TS-1. R&M Car Care, DBA Gatorback Coatings does not and has never had any ownership or proprietary knowledge of Armor-dillo's products.

Any suspected restraint of trade will be fully investigated by Armor-dillo Auto Products, Inc.
